PROFILE

Muhammad Asif is a skilled Furniture Designer and Detailer with 7+ years of experience in Pakistan's consumer industry. Proficient in AutoCAD, KD Max, Imos SAP, SketchUp, and technical drawings. Holds a 2.5-year diploma in Modern Woodworking & Advanced Designing. Experienced in managing furniture design, production, and project execution. Specialized in interior fit-outs, carpentry (kitchens, wardrobes, doors, office & home furniture), furniture manufacturing, installation, and custom product development. Known for leadership and delivering high-quality, client-focused solutions.

Work Experience

Interwood Mobel Pvt Ltd i9 Showroom Islamabad

Senior Design Executive Corporate (Dec 2022 Present)

I am currently employed as a Senior Design Executive in the Design Department at Interwood Mobel Pvt Ltd, a well-established and renowned company specializing in the manufacturing of high-quality furniture, including kitchens, doors, wardrobes, and furniture for both office and home environments. In this role, I am responsible for leading design projects, creating detailed technical drawings, coordinating with production teams, and ensuring that all designs meet client specifications and quality standards. My experience here has enhanced my skills in furniture design, project management, and the use of advanced design software.

Pronto Pronto prom Pvt Ltd)

Senior Design officer (Feb 2020 to Dec 2022)

I worked as a Senior Design Officer in the Design Department at Pronto Promo, a well-established and reputed company specializing in the manufacturing of racks, kitchens, wardrobes, and furniture for both office and home use.

Pak Danish Pvt Ltd

Technical Designer (SEP 2018 Jan 2020)

I worked as a Technical Designer at Pak Danish, a well-established and reputable company specializing in manufacturing furniture, kitchens, doors, wardrobes, and furniture for both office and home use.
